Reference Letter

Jan 09, 2019

To whom it may concern:

Dear Sir/Madame

Please accept this is letter, as a letter of recommendation for Martin Hwang.

Martin attended Conestoga College during the year of 2018 and took 2nd year Microsoft Visual Studio 2017, C# and achieved excellent standings. Martin had excellent attendance records, and notified me the Professor of the course, in advance whenever he could not attend a lecture. Martin excelled at all assignments, and all tests during the course.

Martin is a mature student, with excellent logic skills and good work ethics, and I recommend Martin for future employment in programming or computer related positions.

Thank You

Mark McCaulay, Professor of Computer Science, Conestoga College
